This sturdy kitchen organizer is the perfect companion for any home cook and essential for fans of Alton Brown's I'm Just Here For the Food. Designed to be a constant kitchen companion, the Kitchen User's Manual has eight separate sections for your recipes, notes, and other cooking essentials. Each section includes a durable full-page plastic pocket to hold clippings, equipment manuals and warranties, and other kitchen paperwork. Blank pages have plenty of space for clippings or handwritten recipes plus notes on the side. And it's the place for all that cooking information that's rarely gathered in one place: temperature and measurement conversion charts, ingredient substitutions, guides to cuts of meat, cutting and carving diagrams, sanitation and safety information, and much more. **Author Bio:** Alton Brown is the host of the Food Network's Good Eats. He began his TV career as a cameraman and commercial director, but when he wasn't shooting he was cooking and watching cooking shows, which he thought were dull and uninformative. Tired of the griping, Brown's wife, DeAnna, suggested they do something about it. They moved to Vermont, where Brown attended the New England Culinary Institute. During the years that followed, he concocted a new kind of food show, one that blends wit with wisdom, history with pop culture, and science with common cooking sense. Alton and DeAnna live in the southern United States with their daughter, Zoey, one worthless hound dog, and an iguana named Spike.
